#### Mr. Samuel McKay

All of us have love and respect for Mr. McKay. He always has a friendly smile or even a hug for the students he meets. Mr. McKay cares about the welfare of all the students. He wants Peabody Magnet to give all students the incentive to be leaders of tomorrow.

That's Who

Dear Seniors,

A new and beautiful stage of your life now approaches. You will have many opportunities in life, and the degree to which you have prepared will help determine the extent of your success. Some of you will be independent for the first time and will be seeking a niche in the job world. Some will be expanding your education by enrolling in college or a trade school, however, all of you will be testing your abilities to function in a free society. I pray you will utilize the following advice to live in this society. Be true to God, be loyal to your employers and to your country, be diligent and punctual in your work, and believe in yourself because you are only as great as you desire to be.

Respectfully,

Jim Cleveland

Cooperative Office Education is a cooperative work and training program for high school senior students who have completed the necessary prerequisites and are preparing for employment in office occupations. The student receives individual instruction that is related to his individual job needs and career goal. This makes employment itself a part of the basic educational program, where in the student attends school part of the day and works in an office in the community The number of hours spent in the office for onthe-job training should be no less than fifteen hours per week and when added to the number of hours spent in school should not exceed forty hours per week. Upon completion of the COE Program, students will be ready for immediate employment in entry-level jobs. They will also have an extensive background for further study in secretarial science or business administration at a two or four year college, university, or technical institution

The D.E. department gives students the opportunity to "earn while they learn". Students on the D.E. program work in jobs which give them practical experience in the distribution of goods to the public. In addition, D.E. students are involved in various school programs designed to increase their knowledge of the business world. We at Peabody Magnet are proud of our DE program and the local state, and national recognition it has received

When you as subscribers of the 1982 WARHORSE receive your yearbook, all you see is the finished product. Much time and effort have been put forth with many people contributing to make a successful book. There are many people who should be thanked for their time.

We appreciate Provine studio for taking club and organization pictures. To Monica Drew, Jerry Franklin and Diana Sayes, we say a very special "thank you," for always being ready to snap a picture here and there. To all the faculty and the administration, thanks for your cooperative attitudes. Last but certainly not least, a big hug and "thanks" to the staff and the editor. Julia Burns

How can anyone record long classes and short breaks? How can anyone make permanent the tears that have been shed, the laughter that was enjoyed, and the dreams that were fulfilled or shattered?

We have tried to spotlight another year at PMH\$ It is just a book — mere paper and ink in pictures and copy. Trying to put feelings into the limits of the printing medium is a difficult task. Hopefully by looking at each piece of copy, you will remember the solitary and peaceful occasions, the rewarding and proud moments, all the happy-to-lucky occurrences, and even the sad and heartbreaking happenings during the year. We have lived them, this year, and we will remember them, in the years to come.

The Warhorse Yearbook Staff and the Student Body would like to express their sympathy to the family and friends of the late Mr. Daniel A. Anderson. The loss of Mr. Anderson will be felt by this community and the students of Peabody Magnet High School. Mr. Anderson was a true friend of education and a fighter for his beliefs.
